SMC – INDIA'S BEST EQUITY BROKING HOUSE

ABOUT SMC

Estd. In 1994, we are a well-diversified financial services company in India offering services across brokerage (across the asset classes of Equities, Commodities and Currency), investment banking, wealth management, distribution of third party financial products, research, financing, depository services, insurance broking, clearing services and real estate advisory services to corporate, institutional, high net worth individuals and other retail clients. As one of the financial institutions in India in the broking and financial products distribution segment, we believe that our ability to identify emerging trends in the Indian capital markets sector and creating business lines and service offerings around them, has given us a competitive edge over other participants in the industry. We believe the wide range of products and services that we offer enables us to build stronger relationships with our clients and cross sell our products. We service our clients through a network of 65 branches including overseas office at Dubai and more than 2,400 registered sub-brokers and authorized persons with PAN India presence in over 550 cities. Additionally, to support our distribution of third party financial products, we have more than 13,000 registered associates/service providers who are engaged with us on a non-exclusive basis under our banner.
