**1** Dissecting the epigenetic orchestra of HDAC isoforms in breast cancer development: a review  
 Debbarma, M; Sarkar, K and Sil, SK  
 Nov 12 2024 | MEDICAL ONCOLOGY | 42 (1)  
 Epigenetic modulators have recently emerged as potential targets in cancer therapy. Breast cancer, the second leading cause of cancer-related deaths among women globally and the most common cancer in India, continues to have a low survival rate despite available treatments. This underscores the urgent need for more effective therapeutic strategi... Show more
