(Dr. Deepak Sharma)
Registrar
Tripura University

6.4.1 – Institutional strategies for mobilization of funds and the optimal utilization of resources:

The University has established system of charging Admission Fees and Semester Fees from all students admitted in different courses run by the University. The affiliated college students are paying the Registration Fees as well as Examination fees.

In addition to the above, the University is trying to charge user charges in Guest House, Hostels, Laboratories and other places to maintain the physical infrastructure. But the scope of other alternative sources of resource mobilization is very less as the major part of demography of the University is rural and no scope of industry support. However, we are trying the channelize both human resources and physical resources to mobilize other alternative revenue.
