

Entrepreneurship and Innovation activities of Tripura University showoff to the outsider BBA and MBA students.

Agartala, May 18, 2024

The Internal Quality Assurance Cell of Tripura University along with the Tripura University Business Incubator organized a half day tour on Friday for the BBA and MBA students of Holy Cross College, Agartala. During the insightful visit, students engaged with the incubates, delving into the realms of incubation, product development, intellectual property rights, and startup formation. The immersive experience left the students highly motivated and inspired. Among the innovative projects showcased was the development and patenting of portable water purification machines, aimed at addressing critical challenges in ensuring clean drinking water accessibility. They were demonstrated the Ramie fiber-based fabrics, domestic biofertilizer units. As part of the other innovations of Tripura University, audio visual presentation was made on patented invention on carbohydrate-based biopolymer for drug delivery and other applications. They were also informed about the linkage that TU has setup between the coffee producers of Jampui and the all women venture in NCR Baba's Beans which brought the Jampui coffee to the national market along with product demonstration. They were told about the Dattopant Thengadi Employment Generation Resource Centre (DTEGRC) activities about entrepreneurship development among students and encouraged to join this movement to grow together along with the entire north east.
