

# Student Success Stories

**Elizabeth Kalai**

**Class of (2014)** (JMC)

**Current Status:** Information & Cultural Officer, Govt. of Tripura

**Place:** Agartala

After graduating from Union Christian College, Meghalaya, I wanted to pursue something challenging. And I choose Journalism and Mass Communication from Tripura University as I always wanted to write down my own thoughts and emotions and then express them through songs, which I find is easier to make it through my days and look at life in a more optimistic way. As an officer working for the Information department, Govt of Tripura the teaching approach of the faculties at Department of JMC, TU has given me new avenue in respect of writing down my own words of choice. Earlier, I had been associated as an Anchor (Radio Jockey) in FM Ujjayanta (Kokborok Section) for more than two years after passing out of the University. I believe that in a person's life, they learn from everything around them, and take in everything that they see, and learn from all of it.

Keep learning something every day! I also love to sing and work as an actress in music video and Kokborok films.
